Telemedicine: What to Expect

Date: _____

Your provider at Blue Ridge Medical Center is offering telemedicine services in the time of national public health emergency related to COVID 19.

What is Telemedicine?

Telemedicine is the exchange of medical information from one site to another via electronic communications. The telemedicine service offered to you will allow you to have a medical appointment with your health care team via secure and interactive video equipment or audio equipment, i.e. telephone. You will be able to speak in real-time with the provider during your telemedicine appointment.

Is Telemedicine Safe?

Yes, all telemedicine sessions are safe, secure, encrypted, and follow the same privacy (i.e., HIPAA) guidelines as traditional, in-person medical appointments. Your telemedicine appointments will always be kept confidential. In addition, telemedicine appointments are NEVER audio or video recorded.

Can I Choose Not to Participate?

Of course, with this you have been offered an alternative format of care during this time of national public health emergency. It is your choice to receive services by way of videoconferencing or audioconferencing.

Things to Remember about Your Telemedicine Appointment:

1. You will schedule your telemedicine appointments the same way you schedule an appointment with your doctor now, by calling 434-263-4000.
2. As with your traditional, in-person medical appointments it is your responsibility to call Blue Ridge Medical Center at 434-263-4000 to cancel an appointment if you are unable to attend your telemedicine appointment.
3. Cancellations should be made at least 24 hours prior to the appointment time.
4. On the day of your appointment, you will either be available by telephone at the designated number provided during scheduling or by video on your Healow application.
5. At your appointment time a nurse or medical assistant will connect with you to review your health history and medications
6. If you have any questions before or after the session, you may ask the office staff at Blue Ridge Medical Center.
7. If you are prescribed medication(s) by the provider, you will be able to pick it up directly at your pharmacy of choice as the provider will either phone in or electronically prescribe your medication(s).
